

- ***Sunday school***

Sunday school opens before children the world of faith, accompanies them and makes it possible to experience completeness in faith through all their senses.

They become familiar with God and man. It strengthens relationships and furnishes companionship among children in the group. We shall behold the world from a child's eyes so that the prism of life disperses the vision of children as the benchmark. We want to value them as partners and believers in faith.

Katja Folk is the parish educator and works in the Deanery Bergstraße as consultant for Sunday school since March 2015.

My activities include:

- Situational project work in parishes
- Consultancy works in the deanery and in the parishes
- Organizing major events like children church days
- Moderation of the teams

Whom do I address?

- Parishes
- Volunteers in Sundayschoolclasses
- ParishElders

What do I offer?

- Offer Seminars / Workshops
- Concept development and practical support
- Moderation of volunteer teams
- Counselling and support
